JAMIE I. BAUM, Ph.D.

Jamie Baum is an Associate Professor in the Department of Food Science at the University of Arkansas. Dr. Baum also serves as Director of the Center for Human Nutrition for the University of Arkansas System Division of Agriculture and serves as a Chancellor's Fellow in the area of Food Systems. Dr. Baum completed her B.S. in Dietetics and Ph.D. in Nutritional Sciences at the University of Illinois at Urbana-Champaign and was a postdoctoral fellow in Cellular and Molecular Physiology at Pennsylvania State University College of Medicine in Hershey, PA. Dr. Baum's research focuses on defining the role of diet and body composition in energy balance and prevention of chronic disease and identifying the mechanisms of action that drive dietary regulation of energy balance using a molecule-to-man approach.
